

Our Program

“And Jesus grew with wisdom,
stature and favor with men....”

Countryside Child Development Center is a ministry of Countryside Christian Church. Our mission is to honor God and share the love of Christ by loving and nurturing His children. We strive to provide a rich curriculum offering learning opportunities that will enhance a child's spiritual, intellectual, social, emotional and physical development. Children will experience free exploration time in learning centers, wonderful planned classroom projects, daily Chapel time, science, math, music, art, early literacy development and outdoor fun! Our program is licensed by the state of Kansas.

First Semester

September 6, 2011-December 15, 2011

Tuesday, Wednesday, and Thursday

9:00 am-2:45 pm

Second Semester

January 3, 2012-May 17, 2012

Tuesday, Wednesday, and Thursday

9:00 am-2:45 pm

Caterpillar Room

Children who are 12 months of age and walking steadily up to 2 years of age will enjoy this lively social environment. Our daily routine includes singing and dancing, free exploration, weekly themes, and plenty of snuggle time. Countryside CDC maintains a low teacher to child ratio of 1:5 so your child will have plenty of one on one time with his or her teacher. Tuition is \$115 monthly per day enrolled.

Sunshine Room

Children ages 2-3 love learning about playing with others and taking on new adventures daily. Our teachers are talented at sparking their need for curiosity and discovery. Incorporating music, stories, art and developmentally-appropriate activities, our teachers preserve routine daily schedules giving children a feeling of security and ownership. Teacher to child ratios are 1:6. Tuition is \$110 monthly per day enrolled.

Butterfly Room

Three and four year olds will experience classroom structure, gain independence, and form an understanding of appropriate peer interaction. Days filled with celebrating childhood and wonder are coupled with fine and gross motor development, cognitive growth, social and

emotional maturation and nurturing a love for learning that will last a lifetime. The ratio for the Butterfly Room is 1 teacher to 7 children. Tuition is \$105 monthly for each day enrolled.

Preschool/Pre-Kindergarten

Three or Four Year olds and reliably potty-trained by September 1. Classes offered Tuesday, Wednesday, Thursday from 9:00 am-11:30 am. Tuition is \$180 per month.

Enrichment Class

Three and Four Year olds on the third Thursdays of each month from 12:30pm-1:30 pm. Classical art and music appreciation as well as cultural enrichment classes. Children enrolled in mornings only preschool/pre-kindergarten are welcome to stay and bring a sack lunch. Tuition is \$50 a month.

Our Curriculum

Countryside CDC has used the expertise of professionals over the course of its 40-plus year history to develop its own unique, developmentally appropriate curriculum. Our teachers use this as a foundation to design their class' monthly lesson plans, incorporating their own professional knowledge and experience, and taking into account the individual needs of their class. Although all teachers work toward the same educational goals and use Countryside's extensive curriculum, they are allowed the autonomy under the supervision of the director to be creative in providing a tailor-made experience for their own class, since we know every group of children is different.
